

Introduction

We're a ministry that's deeply committed to relationships, believing that it takes a village to truly make an impact. It is alongside loyal advocates like you who champion our message of hope that we're able to see so many children released from poverty in Jesus' name. We want to empower you to continue this work and influence the community around you by hosting intimate experiences, inviting others to become supporters of Compassion.

Interested?

If you would like to arrange an event, we are more than happy to support you! Contact us at fundraising@compassion.com.au to organise an advocate experience package, which includes social media tiles, advertising flyers, and other promotional materials specific to your event type.

LISTEN EAT CREATE

compassion.com.au

Bringing community together in creative ways
to advocate for the work of Compassion.

LISTEN

Melodies and artful sounds can inspire souls and bring community together.

There are a number of ways you can use music to engage new supporters. Why not hold an intimate acoustic set around an outdoor picnic, a cosy music session on a rooftop or a relaxed solo performance at a house concert?

EAT

Food is the gateway to the heart and the universal language of community.

A hearty meal is the most popular way to bring people together. You can centre your event around an intimate restaurant dining experience, a home-cooked meal or some cultural cuisines that connect with your Compassion advocacy.

CREATE

We're each born with a desire to create, and limitless ways to do so.

Challenge yourself to come up with a creative way of fundraising. Some ideas include a clothes swap, art session, bake sale and book exchange—but there are loads more! The options are endless.
